

Characteristics

Max Power Pm(W)	70W	75W	80W	85W
Short Circuit Current Isc(A)	4.17A	4.73A	4.87A	4.95A
Open Circuit Voltage Voc (V)	22.4V	22.0V	22.2V	22.6V
Max Power Current Imp(A)	3.93A	4.31A	4.55A	4.72A
Max Power Voltage Vmp(V)	17.8V	17.4V	17.6V	18.0V

Mechanical Data

Dimension	770x670x30mm /	910x670x30mm		
Weight	6.5 k g /	7.5kg		
Tolerance	±3w	±3w		
No. of Cells	36PC	36PCS		

The dimension of the modules can be changed according to the demand of clients

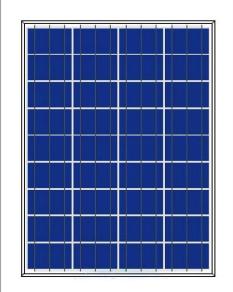

Limits

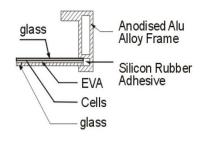

Operating Temperature	-40 °C to +85°C
Storage Temperature	-40 °C to +85°C
Max System Voltage	700V

Guarantees

Products Guarantee	2 yrs free from defects in materials and workmanship	
Performance Guarantee	No less than 90% within 10yrs and no less than 80% within 20yrs	
Certificates	TUV (IEC61215&IEC61730), CE	

unit: mm [inch]

For more information of CNBM Solar products, please visit
